Pacific Bluefin Tuna (*Thunnus orientalis*)

Ranched in the pristine waters of Baja California. The "King of Seafood," is a light to medium fat, extra fancy sashimi-grade tuna. A combination of bright red akami and buttery, mouth-watering o-toro and chu-toro, much less expensive than alternative sources.

Farmed/Ranched

Flavor: Umami, buttery

Texture: Melt in your mouth

Origin: Ensenada, Baja California

Availability: Year round

Product Form: Gilled & gutted

Color: Rosey-red to pink, depending on fat content
